PHASE 1 · BUILD

Learn the moves

One topic at a time, LR first. Tick a topic only when a full set is done, not after the video.

PHASE 2 · SPEED

Beat 45 seconds

Same topics, now against a clock. If a set type takes over a minute a question, it is not ready.

PHASE 3 · MOCKS

Mock and autopsy

One mock, then twice as long tearing it apart. Write down why each wrong one went wrong.

PHASE 4 · PEAK

Papers only

Past papers at exam time of day. Nothing new in the last week — sharpen what already works.

NAME

BATCH

TARGET ATTEMPT

Section counts are the official MAH MBA CET pattern. Topic lists are Cetking's coverage; exam dates are Cetking's expectation until the official notification. · ai.cetking.com/CET
